- 香港建築業物料聯會首次股東週年大會得到董事局及會員公司代表的積極參與，現已圓滿結束，主要議程項目在與會員的支持和共識下順利通過。在週年大會中，行政總裁 漢崇先生簡報本會目前努力的成果，優先處理事項及未來策略性路向。當前最重要的工作，是擴大會員基礎，提升其質素與多樣性，並涵蓋更廣泛的建築物料行業。
- 過去數月，本會與香港特別行政區政府發展局進行過數輪高層會議，討論範圍包括用地要求、續訂安達臣道石礦場工程合約、保留現存混凝土/瀝青/預製磚塊生產設備、及由港珠澳大橋在珠江三角洲一帶施工所引致的河沙供應短缺。

HKCMA’s first Annual General Meeting

Activity Progress, Year-To-date Achievements Briefing:

1. HKCMA’s first Annual General Meeting was successfully held with active participation of board of directors, representatives of member companies. Key agenda items were smoothly gone through with members’ support and consensus. At this AGM, Chief Executive, Ambrose Linn, had concisely reported on HKCMA’s achievements so far, prioritized actions and strategic direction going forward. Most essentially, the top priority action is to enhance

HKCMA’s membership base in terms of quality and diversity whilst covering a much wider spectrum of Other Building Materials.

2. Over the past months, we had attended several rounds of high level meetings with HKSAR Government Development Bureau. Topics of discussion include land usage requirements, Anderson Road Quarry site contract extension, retention of existing concrete/asphalt/precast brick production facilities and River Sand capacity supply shortage resulting from Zhuhai-Hong Kong-Macau bridge construction work now actively in progress in Pearl River Delta neighborhood.

3. A high level meeting was held with HKSAR Government Census & Statistics Department which was attended by CSD senior officers and HKCMA directors. The defined objective of this meeting was to deepen our understanding of how the key building products pricing index was being sourced, updated, validated and verified.

4. Most encouragingly, HKCMA Chief Executive, Mr. Ambrose Linn, has been appointed to become part of Mrs. Regina Ip’s Think Tank representing collective interests of real estate, property and construction industry. The ultimate objective of this 15-month Hong Kong Long Term

Competitiveness research study is to enhance HK’s competitiveness performance and maintain sustained growth of HK’s existing pillar industries. Official press release of this Steering Committee was arranged and a total of 27 eminent professionals/representatives selected from 13 pillar industries were invited to contribute towards success of this Think Tank.
